

Flight simulation as real as it gets.

Frasca Bridge Trainer (FBT)

The Frasca Bridge Trainer (FBT) is designed to provide EFIS, EICAS, autopilot and optional FMS training for the regional jet class of aircraft. The FBT includes an enclosed two seat cockpit and full aerodynamic and avionics simulation. It provides the ideal platform to introduce pilots to today's modern avionics.

FBT Built for Delta Connection Academy

FMS system fully integrated to EFIS and autopilot systems. Uses actual re-hosted Collins FMS software in order to ensure maximum realism.
