

FRASCA

FLIGHT SIMULATION

CESSNA

TRAINING SOLUTIONS

Any Cessna Aircraft, Any Level

Frasca builds a complete range of flight training equipment for Cessna aircraft. Shown are three levels of Cessna 172 training devices available from Frasca. Frasca has also delivered Cessna Caravan, Citation and other aircraft simulators. A device can be built to meet your exact needs based on your training requirements and budget.

Features and Options Include:

- Basic shell, fabricated shell or actual aircraft cockpit dimensions depending on level required
- FAA or EASA qualification available
- Frasca TruVision™ visual system. Available with a variety of display configurations
- Standard gauges, or G1000 avionics package - a fully integrated avionics system
- Digital control loading for realistic feel
- Simplicity™ Instructor Operating Station

172 FTD with Visual System

172 FTD with G1000

Frasca RTD™ AATD
with real Garmin G1000NXi Software
